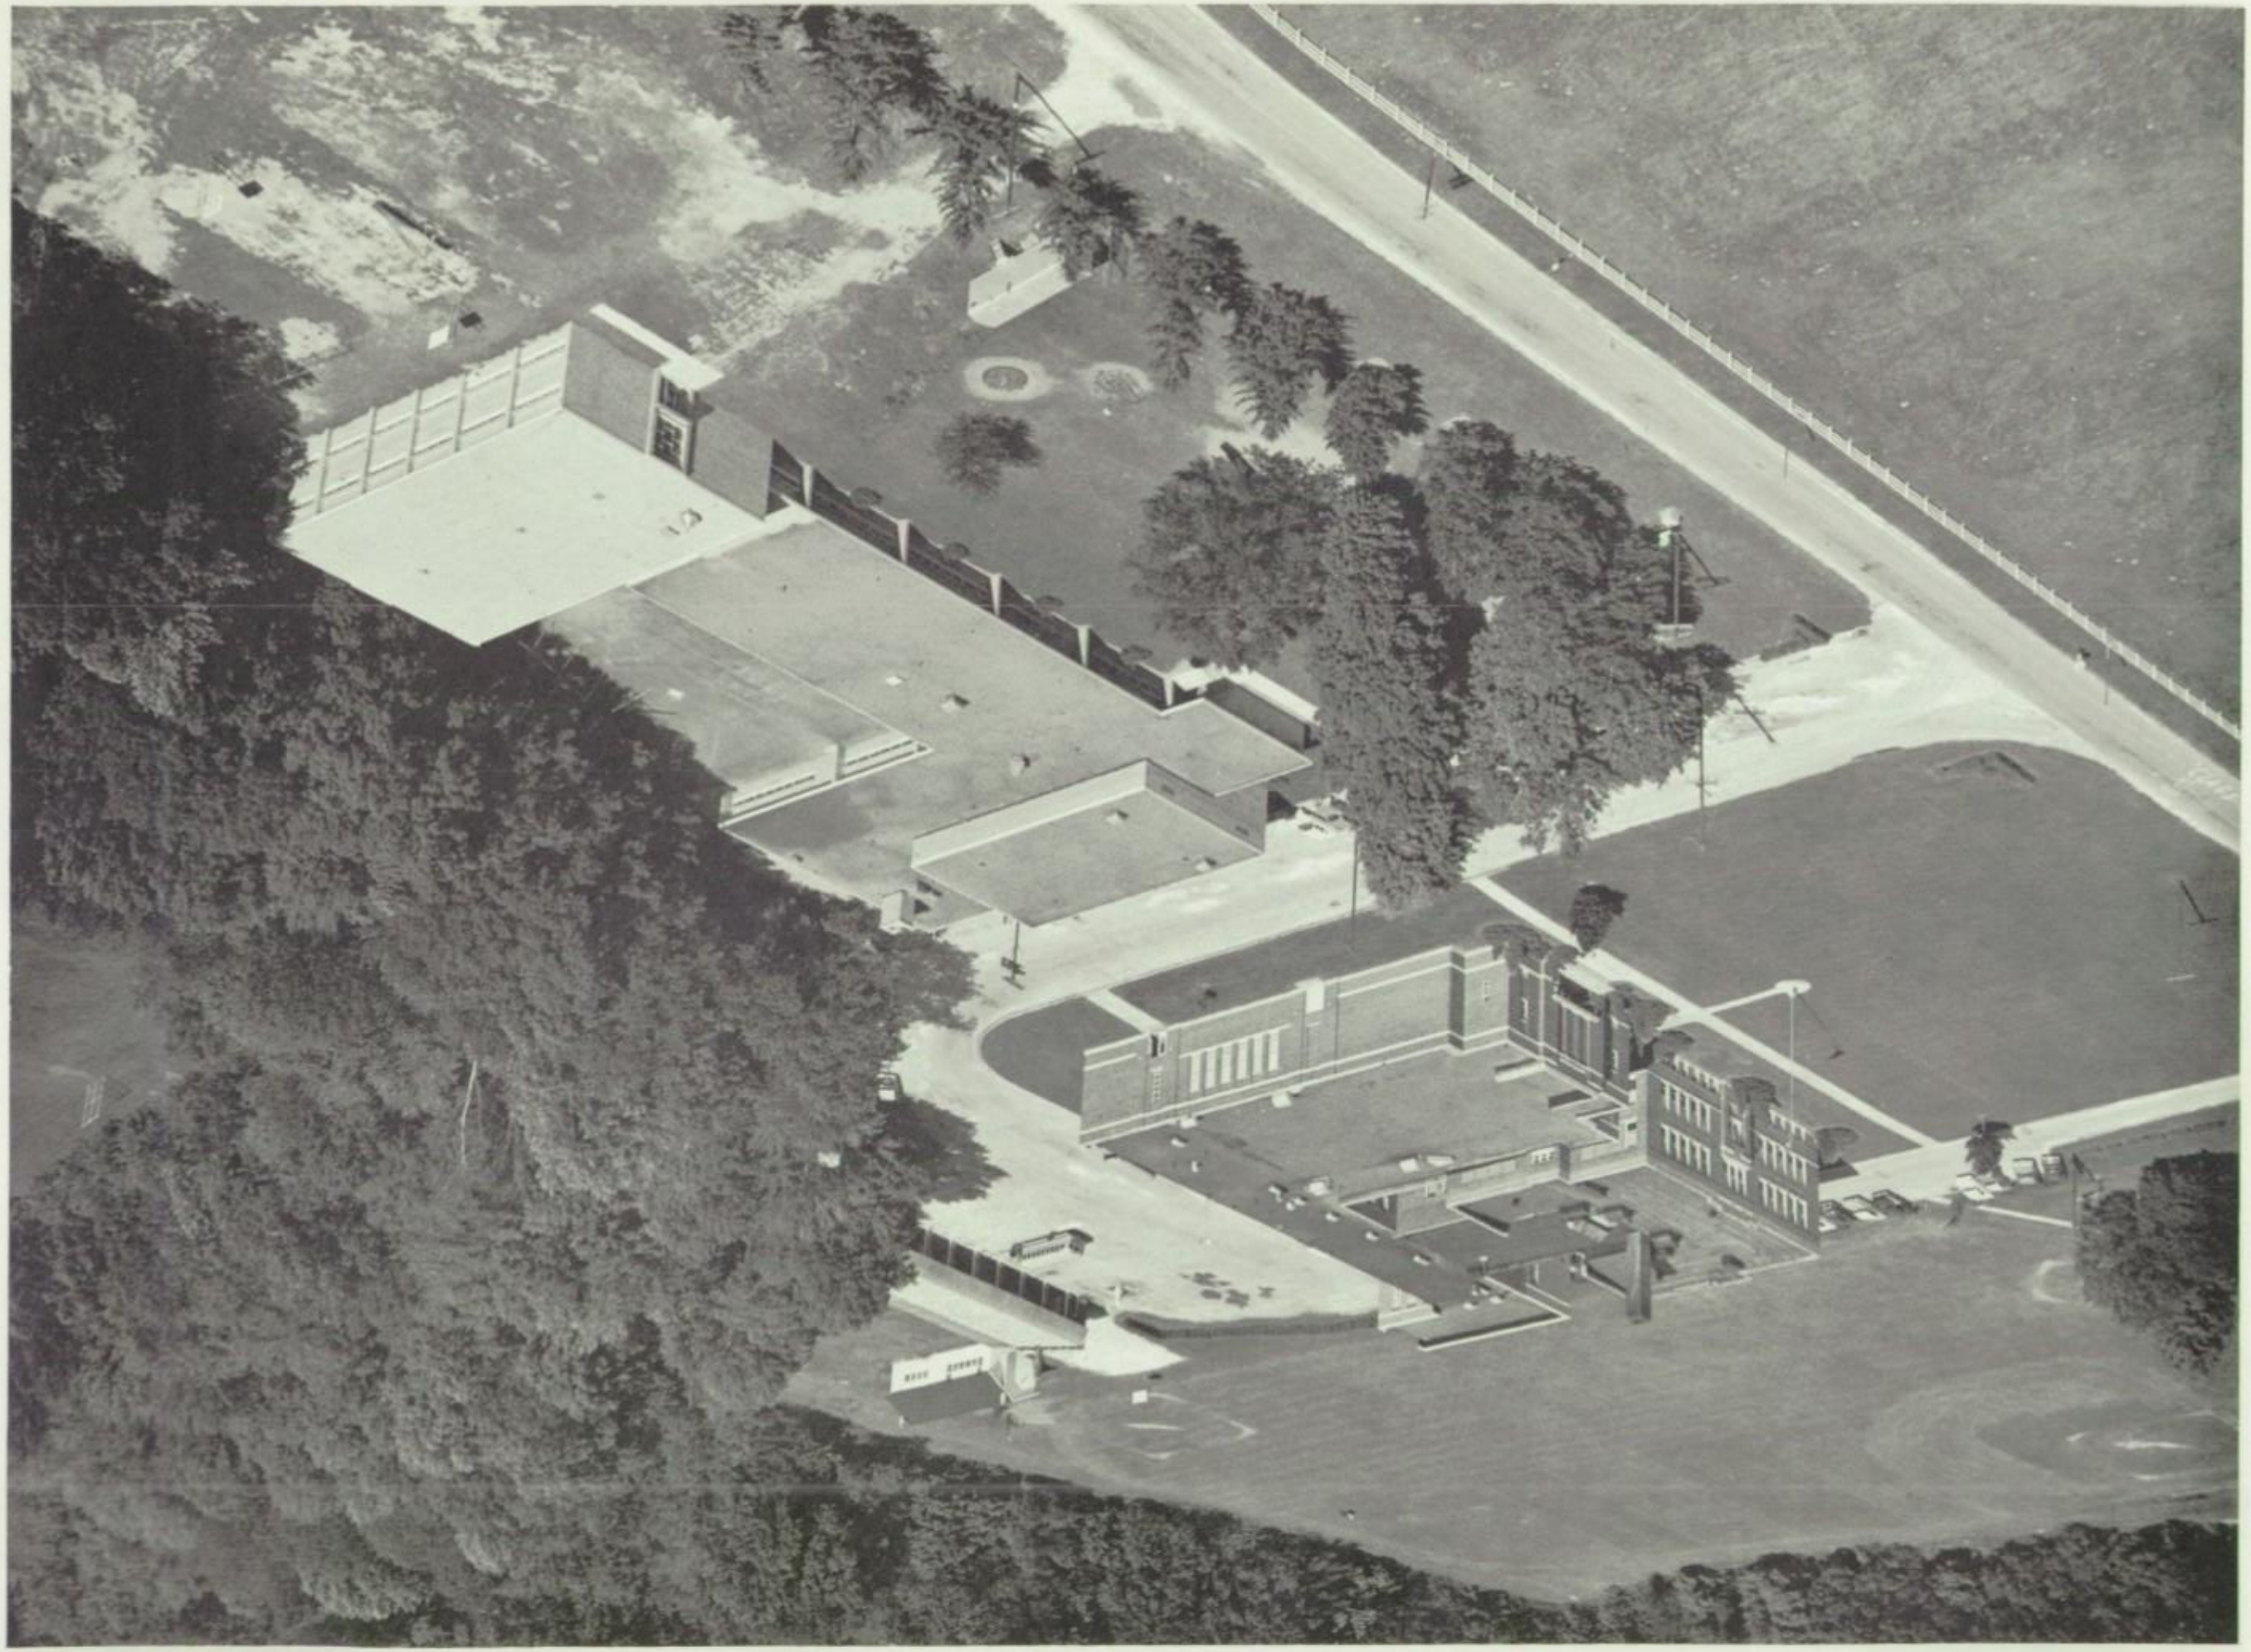
THE TRAIL

Marsha Hanna



Foreword

We, the Class of 1963, wish to present this annual to the community, faculty, and all the people who have made another edition of "The Trail" possible.

In presenting this annual, we wish to express our appreciation and thanks to the faculty of Old Fort School, our sponsors, advertisers, and our advisor, Mrs. Newman, for all their patient efforts and cooperation they have given us.

It is our hope that you will enjoy this annual, "The Trail" of 1963.

Dedication

To Mr. Mervin Bare, we the Senior Class of 1963 dedicate this yearbook. Twelve of his twenty-seven years in the teaching profession have been spent with us at Old Fort. Previous to coming to Old Fort Mr. Bare had taught in Melmore, Republic, and Clinton Schools.

At present Mr. Bare is teaching one of the Fifth Grades. He has also been the versatile teacher that Old Fort School has called on to teach Industrial Arts for a total of one and one-half years. The first semester of this school year 1962-1963, Mr. Bare taught Industrial Arts for a half-day, and the other half-day, the fifth grade. Mr. Bare has an A. B. Degree from Heidelberg College. He has also taken Graduate Work at Ohio State University.

Mr. Bare is one of the most congenial and hard-working members of the Old Fort School Staff. His intense interest and influence on the boys and girls in Grades five and six has helped them to be spiritually, morally, and physically fit throughout the rest of their school careers and has followed them after graduation.

We hope this dedication will express in a small way our appreciation for Mr. Bare's interest in Old Fort School and the fine service he has rendered.

Class Prophecy

The year is 2003, just forty years after the graduation of our class. Also it has been forty years since I've seen any of my classmates. It is now fitting and proper that I should undertake the great task of uniting our class once again for if I wait we may separate further, one by one, from this world.

It is exactly one month later and I have finished the task. I realized that it would not be an easy thing to accomplish, therefore I first contacted my old classmate, the great orator and theologian, Arch-bishop Bernard Steyer. Bernie, as I used to call him, told me that his brother Anthony had gone in partnership with John Covert. They now run the largest and most productive farm in the state of Ohio.

I decided to go visit the farm, but when I got there a note on the door told me the men were at Mike Adelsperger's garage getting repairs on some machinery. At the garage, Dianne (Gillmor) Adelsperger, the vice-president of Mike's trucking lines, was in the office. She told me that Mike, John, and Andy had gone to town for some reason or another and that they would not be back until supper. Dianne showed me the grounds and then asked me to stay for dinner. While eating we heard a knock at the door and there stood Gene Meisner with the set of atomic powered drills Mike had ordered from Gene's hardware store.

After dinner I got a ride into town with Gene and he told me that Carol Puffenburger and Marsha Dicken own a dress shop right across the street from Gene's store.

I decided to walk around town; I met a young lady walking with a book on her head. I asked her what she was doing and she told me that she was practicing modeling. She also mentioned that her mother was the former Elaine Price. Elaine and Marjorie Whitman now own and operate a dancing and modeling school. In this same building is Fern Hoover's Beauty Salon. I understand she does all of the models' hair and has a very growing business.

Walking on and getting tired, I decided to call a taxi. It was then that I found out that Tim Brandyberry ran Tim's Taxi Service. As I was dialing, I noticed a sign on the phone that said, "Out of Order." When I left the phone booth a large truck pulled up and out jumped Harley Shaull. He told me he was here to fix the phone. Harley said he also had a phone out at the hospital to fix. I rode along with him and on the radio we heard that after 135 laps Mike Fry was ahead in the Indianapolis "500."

At the hospital I talked to Kathy Mallick, the receptionist. She told me that Pamela Wilbert, Ruth Ann Steinberger, Linda Lynch, and Libby Buskirk were all nurses. Kathy also mentioned that Richard Speller was in the process of changing brains in a patient who had manifestations of cerebral schizophrenia, a very common disease. I talked to Dick after the operation and he asked if I'd like to go down to Ohio State University for he wanted to check a pill that David Swope and Diane Heestand were working on. Dave told me that this new cancer pill would rid a patient of cancer in twenty-four hours. While we were talking Judy Palmer entered the lab.

Class Prophecy (con't.)

Judy, I found, was the head psychology professor at the university.

That night the five of us decided to spend some time together so we went to the Tiki Club for our entertainment. Judy told me that Tom Bartson inherited this from his uncle. The main entertainment, Tom told us, would be singing by a famous quartet. They turned out to be four former classmates, Joanne Haubert, Helen Ekleberry, Mardella Prenzlin, and Dorothy Hemmerly. We especially enjoyed their fine singing. Also Tom told us that he employed Bonnie Sheidler and Jeanette Curns as head cooks.

That night I got a room at a combination hotel and movie theater. Mary Ellen Shults owned this establishment. She told me that it was the only one of its kind.

The next day back in Old Fort I began to wonder if the school had changed much. First I went to the old study hall and found it wasn't so old anymore. The whole school was different. I then saw Martha Sanford. She told me that she had been the principal for twelve years. I asked her about the school and she told me that the old one was torn down. When it was rebuilt, all the modern features were added but the same blue-print was used.

I complimented her on the beauty of the school and I found out that Barbara Staley had been in charge of all the interior decorating. I told Martha there were a few classmates that I hadn't seen yet. I asked Martha about Peggy Miller, just as Peggy walked in the room. Peggy told me that she teaches girls' physical education, and has been for six years. Not only that, but I was proud to find out that Judy Suffecool was teaching music at Old Fort for seven years.

It had taken me only a day and a half to meet all my old classmates once again, but I still didn't feel satisfied. After dinner I went back to see Arch-bishop Steyer. He suggested that we all meet together at least once more before the good Lord decided to take us to His Kingdom. Together we set a date for the class reunion. This is today, exactly forty years and one month since graduation.

If God put me on this earth for a special purpose, I think I have done my duty. I realize my name will not go down in history for this feat, but this reunion day was one of the most glorious days of my life.
